

Saint Louis Audubon Society

SPECIAL EVENT, MARCH 29, 1985

"South American Odyssey" presented by Walt Liddell at The Ethical Society, 9001 Clayton Road, 8:00 p.m.

South America is a continent of superlatives. The Andes are the longest continuous mountain chain in the world. The Amazon is by far the largest river in the world. It flows down through the most extensive rain forest in the world. South America is a continent of great climatic diversity, breathtaking natural scenery, impressive archeological sites, and unusual wildlife.

This program begins with the people and scenic beauty of Ecuador near the northern end of the Andes and just to the west of the mighty Amazon. The next stop is the Galapagos Islands lying 600 miles to the west in the Pacific Ocean. The unique creatures which inhabit these islands, creatures such as the flightless cormorant and the marine iguana, make this a paradise for naturalists and photographers.

To the south and east of Ecuador lies Peru, the site of one of the most spectacular archeological wonders of the world, the long lost Inca city of Machu Picchu. With its multitude of habitats -- mountains, deserts, seacoasts, and rain forests -- Peru is also home to nearly 1,700 species of birds.

Much farther to the south is Argentina, stretching 2,300 miles north to south between the Andes and the Atlantic Ocean. Among its many world-class natural attractions are the magnificent Iguassu falls and the Perito Moreno glacier, a 250-foot high wall of moving ice. Birds and other animals are abundant, particularly along the coastal regions of Patagonia and Tierra del Fuego.

From Ecuador on the equator to Tierra del Fuego at the southern tip of South America this program covers a range of 4,000 miles. It includes some of the interesting peoples encountered and several outstanding scenic attractions, but the major emphasis is on the wildlife, particularly the birds, of the areas. Over 75 species of birds will be shown.

Nature Photography

NATURE PHOTOGRAPHY WORKSHOP - 2-SESSIONS

SATURDAY, APRIL 6, 1985 (Raindate Sunday, April 7)
and
SATURDAY, APRIL 20, 1985 (Raindate Sunday, April 21)
9:00 a.m. to 3:30 p.m.

AT: ST. LOUIS AUDUBON SOCIETY EDUCATION CENTER
Crescent, Missouri. (West on I-44, exit at Lewis Road. Continue on Lewis Road -
to the North - one mile to entrance of the Education Center, which will be on left)

FEE: Audubon members - \$25.00 for both sessions
Non-members - \$30.00 for both sessions
LIMITED ENROLLMENT SO PLEASE REGISTER
EARLY.

Learn to really see and enjoy the wonders and beauty of nature and put them on film. This 2-session workshop is designed for both beginning and experienced photographers who use a 35mm single lens reflex camera. Close-ups will be emphasized.

Covered: Exposure, focus, composition, lighting, use of flash, filters, film, lenses, accessories, tips on care of equipment, troubleshooting, clothing for outdoor photography, and some useful hints to simplify and better your photography. Printed notes covering the instruction will be supplied each participant.

Bring camera, film, flash (preferably with guide number between 40 and 80), lenses, tripod, cable release, notebook, pencil, and plastic trash-can bag. Bring lunch. Wear comfortable outdoor clothing and sturdy shoes.

Instructors: Edward M. and Lee F. Mason, free lance photographer-writers who have had over 200 articles, with their photographs, published here and abroad. Locally they regularly conduct photography workshops for Missouri University, Missouri Botanical Garden, Shaw Arboretum, St. Louis Zoo, and various adult education programs.

REGISTRATION FORM

Please register me for the Nature Photography workshop at the St. Louis Audubon Society Education Center, 104 Lewis Road, Crescent, Missouri, Saturday, April 6, 1985, and Saturday, April 20, 1985. In case of rain either day I understand the workshop will be held the next day, Sunday.

FEE: \$25.00 for Audubon members; \$30.00 for non-members. Please make checks payable to: ST. LOUIS AUDUBON SOCIETY and mail to: St. Louis Audubon Society, 2109 Briargate Lane, St. Louis, Mo. 63122
